STAGE 2: PRICE AND BEE (80:20)

Only those bids that meet the criteria stated for Stage 1 will be evaluated at this stage. Bids will be evaluated using the 90:10 principles, as per MFMA Circular No.53 of the National Treasury, was follows:

BROAD BASED BLACK ECONOMIC EMPOWERMENT (20)

BBBEE is a deliberate socio-economic process or intervention strategy designed to redress the imbalances of the past and to facilitate the participation of Black people in the economy. JPC shall apply the provisions of the Broad Based Black Economic Empowerment Act and its codes of good practice as verification of the Tenderers' BEE status. Preference will be given to BBBEE Tenderers.

FORMULA FOR SCORING TENDER PRICE

The following formula will be used to calculate the points for price.

$$P_s = 80 \left[1 - \frac{(P_t - P_{min})}{P_{min}} \right]$$

Where

P_s = Points scored for price of tender under consideration

P_t = Price of tender under consideration

P_{min} = Price of lowest acceptable tender

POINTS AWARDED FOR B-BBEE STATUS LEVEL

The points allocated to a tenderer will be in accordance with the **Preferential Procurement Regulations, 2017** published in Government Gazette.

The following table is applicable.

Price	80
B-BBEE Status Level of Contribution	Number of Points 20
1	20
2	18
3	14
4	12
5	8
6	6
7	4
8	2
Non - Contributor	0
Maximum	20

in his capacity as:
duly authorised to sign on behalf of the Tenderer(s).

WHEREAS the TENDERER(S) is the Mandatory of the EMPLOYER in consequence of an agreement between the TENDERER(S) and the EMPLOYER in respect of

CONTRACT No:

AND WHEREAS the EMPLOYER and the TENDERER(S) have agreed to enter into an agreement in terms of the provisions of Section 37(2) of the Occupational Health and Safety Act No 85 of 1993, as amended by OHS Act Amendment Act No 181/1993 (hereinafter referred to as the ACT);

NOW THEREFORE the parties agree as follows:

1. The TENDERER(S) undertakes to acquaint the appropriate officials and employees of the TENDERER(S) with all relevant provisions of the ACT and the regulations promulgated in terms thereof.
2. The TENDERER(S) undertakes to fully comply with all relevant duties, obligations and prohibitions imposed in terms of the ACT and Regulations: Provided that should the EMPLOYER have prescribed certain arrangements and procedures that same shall be observed and adhered to by the TENDERER(S), his officials and employees. The TENDERER(S) shall bear the onus of acquainting himself/herself/itself with such arrangements and procedures.
3. The TENDERER(S) hereby accepts sole liability for such due compliance with the relevant duties, obligations, prohibitions, arrangements and procedures, if any, imposed by the ACT and Regulations, and the TENDERER(S) expressly absolves the EMPLOYER and the Employer’s CONSULTING ENGINEERS from being obliged to comply with any of the aforesaid duties, obligations, prohibitions, arrangements and procedures in respect of the work included in the contract.
4. The TENDERER(S) agrees that any duly authorised officials of the EMPLOYER shall be entitled, although not obliged, to take such steps as may be necessary to ensure that the TENDERER(S) has complied with his undertakings as more fully set out in paragraphs 1 and 2 above, which steps may include, but shall not be limited to, the right to inspect any appropriate site or premises occupied by the TENDERER(S), or to take such steps it may deem necessary to remedy the default of the TENDERER(S) at the cost of the TENDERER(S).

5. The TENDERER(S) shall be obliged to report forthwith to the EMPLOYER any investigation, complaint or criminal charge which may arise as a consequence of the provisions of the ACT and Regulations, pursuant to work performed in terms of this agreement, and shall, on written demand, provide full details in writing of such investigation, complaint or criminal charge.

PART C1: AGREEMENT AND CONTRACT DATA**C1.6 JPC STANDARD CONDITIONS OF APPOINTMENT***

1. **Appointment in Force and Authorised Signatories:** This appointment is considered to have come into force immediately after all the necessary signatures have been appended.
2. **Independent Tenderer(s):** The Tenderer(s) is appointed as an independent Tenderer(s) and no contract of agency and/or employment is created. Save as may be expressly authorised by JPC from time to time in writing, the consultant shall not hold itself out to be the agent of JPC and/or commit JPC to any contract or obligation of whatever nature.
3. **Alterations:** Should circumstances arise which call for modifications of the appointment, these may be made by mutual consent given in writing. Proposals in this respect from one party shall be given due consideration by the other party.
4. **Assignment:** The Tenderer(s) shall not without the prior written consent of JPC, cede or assign any of the benefits and obligations under this appointment.
5. **Sub-Contracts:** Any sub-contracts or modifications or termination thereof relating to the performance of the services by the Tenderer(s) shall be made only with the prior written consent of JPC.
6. **Compliance with Laws, By-laws and Ordinance:** The consultant shall comply strictly with every applicable law, by-law and ordinance including every regulation, code of conduct or other directive to which the Tenderer(s) may be subject in its professional capacity. In this regard, the Tenderer(s)'s particular attention is drawn to the requirements of the Occupational Health and Safety Act (OHSA) and its regulations as well as to the Financial Intelligence Centre Act (FICA).
7. **Insurance:** The consultant shall at its own cost and expense maintain professional indemnity insurance and public liability insurance with an insurer approved of by JPC in an amount and for duration as specified in the letter of appointment to which these general conditions of appointment relate.
8. **Postponement and Termination:** Additional to the reasons for termination provided for in the JBCC Principal Builders Agreement, JPC may give written notice to the Tenderer(s) at any time of its intention to abandon the services, in whole or in part, or to terminate this appointment. The effective termination date of this appointment shall not be less than fourteen (14) days after receipt of such notice, or such other shorter or longer periods as may be agreed between the parties. Upon receipt of such notice, the Tenderer(s) shall take immediate steps to bring the services to a close and to reduce expenditure to a minimum. Upon termination of the appointment the consultant shall deliver to JPC the originals of all documents in the possession of the consultant relating to and/or in connection with the appointment in both hard copy and (insofar applicable) electronic format.
9. **Force Majeure:** The Tenderer(s) shall promptly notify JPC, in writing, of any situation or event arising from circumstances beyond its control and which he could not reasonably foresee, which makes it impossible for the Tenderer(s) to carry out in whole or in part, his obligations under this appointment. Upon the occurrence of such a situation or event, the services shall be deemed to be postponed for a period of time equal to the delay caused by the Force Majeure and a reasonable period not exceeding two weeks.
10. **Claims for Default:** Any claims for damages arising out of default and termination, shall be agreed between JPC and the Tenderer(s), or failing agreement, shall be referred to arbitration in accordance with clause 20.

11. **Rights and Liabilities of Parties:** Termination of this appointment for whatever reason shall not prejudice or affect the accrued rights or claims and liabilities of either party to this appointment.
12. **Confidentiality:** The Tenderer(s) shall maintain all information relating to the appointment in the strictest confidence.
13. **Indemnity:** The Tenderer(s) indemnifies JPC and holds JPC harmless against any loss or damage that may be suffered by JPC (including and without limiting the generality of the foregoing any claim that may be brought or threatened against JPC by any third party) arising from or by reason of the failure by the consultant to comply with its obligation in terms hereof.
14. **Skill, Care and Diligence:** The Tenderer(s) shall exercise all reasonable skill, care and diligence in the performance of the services under the appointment and shall carry out all his responsibilities in accordance with recognised professional standards. If any documentation prepared or submitted by the consultant to JPC is approved by JPC such approval shall not limit the professional liability of the consultant in respect thereof. The Tenderer(s) shall remain professionally liable in respect of such documentation notwithstanding the approval thereof by JPC.
15. **Faithful Advisor:** The Tenderer(s) shall, in all professional matters, act as a faithful advisor to JPC and, in so far as his duties are discretionary, act fairly as between JPC and third parties.
16. **Indirect Payments:** The remuneration of the Tenderer(s) charged to JPC, shall constitute his only remuneration in connection with the appointment and neither he nor his personnel shall accept any trade commission, discount, allowance or indirect payment or other consideration with or in relation to the appointment or to the discharge of his obligations thereunder.
17. **Royalties:** The Tenderer(s) shall not have the benefit, whether directly or indirectly, of any royalty on or of any gratuity or commission in respect of any patented article or process used on or for the purposes of the appointment, unless it is agreed to by JPC in writing that he may.
18. **Ownership of Equipment, Materials, Supplies and Facilities:** Equipment, materials, supplies and facilities furnished to the Tenderer(s) by JPC or purchased by the Tenderer(s) with funds wholly supplied or reimbursed by JPC shall be the property of JPC and shall be so marked. Upon completion or termination of the services under this appointment, the Tenderer(s) shall furnish to JPC, inventories of the equipment and materials referred to above as it then remains and dispose of same as directed by JPC.
19. **Copyright:** All copyright in and to all documents, plans, designs and other material of whatever nature prepared or produced by the Tenderer(s) in the course and scope of its appointment shall be and remain vested in JPC for which purpose the consultant cedes to JPC all such copyright.
20. **Dispute Resolution:**
 - a. Any dispute arising between the Parties in respect of this appointment shall in the first instance be referred in writing to the senior executives of the Parties by either Party for resolution. The senior executives of the Parties shall meet within five (5) business days after receiving the aforesaid written referral and shall use their best endeavours to resolve the dispute within the time foregoing.
 - b. If the senior executives fails to meet within five (5) business days after a dispute has been referred to them or fail to resolve the dispute within the time in paragraph (a) above, then either Party shall be entitled to immediately institute legal proceedings from a competent court.

- c. Notwithstanding anything to the contrary contained in this paragraph 20, any party shall be entitled to approach a competent court for an appropriate relief.

* In the event that the JPC Standard Conditions of Appointment conflicts with the JBCC Principal Builders Agreement, the JPC Standard Conditions of Appointment will prevail.

PART C2: PRICING DATA**C2.1 Pricing Instructions**

1. The Bills of Quantities have been drawn up in accordance with the Standard System of Measuring Building Work (as amended) published and issued by the Association of South African Quantity Surveyors (Seventh Edition - 2015). Where applicable the:
 - a) civil engineering work has been drawn up in accordance with the provisions of the latest edition of SABS 1200 Standardised Specifications for Civil Engineering Works.
 - b) mechanical work has been drawn up in accordance with the provisions of the Model Bills of Quantities for Refrigeration, Air-Conditioning and Ventilation Installations, published by the South African Association of Quantity Surveyors, July 1990).
 - c) electrical work has been drawn up in accordance with the provisions of the Model Bills of Quantities for Electrical Work, published by the South African Association of Quantity Surveyors, (July, 2005).
2. The agreement is based on the JBCC Principal Building Agreement (Edition 6.2 – May 2018), prepared by the Joint Building Contracts Committee, Edition 5.0, July 2007. The additions, deletions and alterations to the JBCC Principal Building Agreement as well as the contract specific variables are as stated in the Contract Data. Only the headings and clause numbers for which allowance must be made in the Bills of Quantities are recited.
3. Preliminary and general requirements are based on the various parts of SANS 1921, Construction and management requirements for works contracts. The additions, deletions and alterations to the various parts of SANS 1921 as well as the contract specific variables are as stated in the Specification Data in the Scope of Work. Only the headings and clause numbers for which allowance must be made in the Bills of Quantities are recited.
4. It will be assumed that prices included in the Bills of Quantities are based on Acts, Ordinances, Regulations, Bylaws, International Standards and National Standards that were published 28 days before the closing date for tenders. (Refer to www.stanza.org.za or www.iso.org for information on standards).
5. The drawings listed in the Scope of Works used for the setting up these Bills of Quantities are kept by the quantity surveyor and can be viewed at any time during office hours up until the completion of the works.
6. Reference to any particular trademark, name, patent, design, type, specific origin or producer is purely to establish a standard for requirements. Products or articles of an equivalent standard may be substituted.
7. Where any item is not relevant to this specific contract, such item is marked N/A (signifying “not applicable”)
8. The Contract Data and the standard form of contract referenced therein must be studied for the full extent and meaning of each and every clause set out in Section 1 (Preliminary and General) of the Bills of Quantities
9. The Bills of Quantities is not intended for the ordering of materials. Any ordering of materials, based on the Bills of Quantities, is at the Tenderer(s)’s risk.
10. The amount of the Preliminary and General Section to be included in each monthly payment certificate shall be assessed as an amount prorated to the value of the work duly executed in

the same ratio as the preliminaries bears to the total of prices excluding any contingency sum, the amount for the Preliminary and General Section and any amount in respect of contract price adjustment provided for in the contract.

11. Where the initial contract period is extended, the monthly charge shall be calculated on the basis as set out in 10 but taking into account the revised period for completing the works.
12. The amount or items of the Preliminary and General Section shall be adjusted to take account of the theoretical financial effect which changes in time or value (or both) have on this section. Such adjustments shall be based on adjustments in the following categories as recorded in the Bills of Quantities:
 - a) an amount which is not to be varied, namely Fixed (F)
 - b) an amount which is to be varied in proportion to the contract value, namely Value Related (V); and
 - c) an amount which is to be varied in proportion to the contract period as compared to the initial construction period excluding revisions to the construction period for which no adjustment to the Tenderer(s) is not entitled to in terms of the contract, namely Time Related (T).
13. Where no provision is made in the Bills of Quantities to indicate which of the three categories in 12 apply or where no selection is made, the adjustments shall be based on the following breakdown:
 - a) 10 percent is Fixed;
 - b) 15 percent if Value Related
 - c) 75 percent is Time Related.
14. The adjustment of the Preliminary and General Section shall apply notwithstanding the actual employment of resources in the execution of the works. The contract value used for the adjustment of the Preliminary and General Section shall exclude any contingency sum, the amount for the Preliminary and General Section and any amount in respect of contract price adjustment provided for in the contract. Adjustments in respect of any staged or sectional completion shall be prorated to the value of each section.

PART C3: SCOPE OF WORK

1.1 Description of the Works

1.1.1 Employer's Objectives and Overview of the works

This tender is for the refurbishment of the Jabulani Civic Centre situated at 1 Koma Road, Jabulani, Soweto, Johannesburg, 1868.

This **work** will be completed in one phase and comprises briefly of the following:

- Replacing damaged roof waterproofing
- Replacing floor finishes
- Replacing ceilings
- Replacing sanitary and bathroom fittings
- Re-painting the entire facility
- Electrical installation
- Mechanical installation
- Fire installation

The tenderer should note however that the project is on a live site and that the temporary relocation / multiple relocations of staff needs to be accommodated within the programme.

The overall construction area is approximately 11,800m².

The project is **intended** to start on:
01 April 2020 & is to be completed within 3 calendar months.

1.1.2 Location of the Works

Jabulani Civic Centre, 1 Koma Road, Jabulani, Soweto, Johannesburg, 1868.

1.1.3 Temporary Works

The Tenderer(s) is to design, supply, construct, demolish and spoil at his own cost any temporary works required in order to carry out the construction works as required.

1.2 Engineering

1.2.1 Design Services & Activity Matrix

The following parties are responsible for the various design stages of the project.

DESCRIPTION	RESPONSIBLE
Concept, feasibility and overall process	Employers Agents / Professional Team
Basic Principal Agenting and Preliminary Design	Employers Agents / Professional Team
Final design to approval for construction stage	Employers Agents / Professional Team

Temporary Works	Tenderer(s)
Preparation of as built drawings	Employers Agents / Professional Team

1.2.2 Employers Design

All permanent works required for construction shall be designed by the employer and his appointed agents / professional team.

1.2.3 Drawings

The drawings contained on the CD issued with this document are as per the drawing register appearing in this document. The drawings included with the tender document are for information and tender purposes only. Detailed construction drawings will be issued to the Tenderer(s) at site handover and revisions thereto during the construction stage of the project.

The following drawings are applicable to the contract:

Architectural	Drawing No	Drawing name

Structural	Drawing No	Drawing name

Civil	Drawing No	Drawing name

1.3 Empowerment and Transformation

1.3.1 Requirements

Refer to Annexure B – JPC MBD 13: PROPOSED EMPOWERMENT PLAN

1.4 Construction

1.4.1 Works specifications

Applicable national and international standards: SANS 1200.

1.4.2 Plant and Materials

The contractor shall ensure that adequate plant and materials are procured and available as required in order to complete the works as specified in line with the contract programme. The Tenderer(s) shall supply a report to the Principal Agent on a fortnightly basis as to the plant and materials on site (or on order), and their utilization in relation to the construction programme.

1.4.3 Construction Equipment

The contractor shall ensure that adequate construction equipment is available as required in order to complete the works as specified in line with the contract programme. The Tenderer(s) shall supply a report to the Principal Agent on a fortnightly basis as to the construction equipment on site and their utilization in relation to the construction programme.

1.4.4 Site Establishment

Services and Facilities Provided by The Employer: Nil

Facilities Provided by the Tenderer(s): The Tenderer(s) is to provide facilities, necessary to complete the project as specified.

Storage and Laboratory Facilities: The Tenderer(s) is to provide facilities, necessary to complete the project as specified.

Other Facilities and Services: The Tenderer(s) is to provide facilities, necessary to complete the project as specified.

Vehicles and Equipment: The Tenderer(s) is to provide vehicles and equipment necessary to complete the project as specified.

Advertising Rights: The Tenderer(s) may not place any advertising boards or the like on the site or in any public area without the express written permission of the employer.

Notice Boards: The Tenderer(s) must place a contract notice board outside his site camp as specified by the employer.

The Tenderer(s) must provide meeting facilities for the Employer and the Employers representatives, to conduct site meetings.

1.4.5 Site Usage

The contractor will have unlimited access to the site, however all construction activities are to comply with the City of Johannesburg's by laws. The accommodation of vehicular and pedestrian traffic on the site is to be maintained at all times.

The Tenderer(s) is to allow for the accommodation and diversion of pedestrian traffic in his preliminaries & general items all in accordance with the South African Road Traffic Signs Manual, The Occupational Health & Safety Act & The Construction Regulations as amended, including on-going liaison with the traffic authorities and management of traffic, alterations to kerbing and landscaping, barricading road entrances, temporary signage, dust screens, painting of lines, etc. The traffic accommodation proposal shall be approved by the Principal Agent prior to the execution of the works.

1.4.6 Permits and wayleaves

Wayleaves shall be supplied by the Tenderer(s). The Tenderer(s) are to comply with the terms and conditions of the wayleaves as supplied by the various service provider departments.

1.4.7 Alterations, additions, extensions and modifications to existing works

The works at tender stage are not finalised and are subject to change in their entirety.

1.4.8 Inspection of Adjoining Properties

Tenderer(s) are to ensure that adequate inspections of adjoining properties are carried out (and records are kept thereof) to ensure that any claims received from adjoining properties due to damage can be dealt with decisively. The settlement of any claims in this regard shall be for the contactors account and the tenderer(s) is/are to ensure that he has the necessary 3rd party insurances in place as specified in this document.

1.4.9 Water for Construction Purposes

The contactor is to make his own arrangements for the supply of water for construction purposes and his own domestic usage.

1.5 Management

1.5.1 Management of the Works

The Tenderer(s) is to provide suitably qualified and experienced personnel to manage the works. The Tenderer(s) will be expected to provide CV's of his proposed site management personnel for the Principal Agents review and approval.

Should the Principal Agent believe that the proposed site personnel not be sufficiently qualified and/or experienced to do the works, be this at CV review, or later into the contract, then the Tenderer(s) will be expected to replace this person/s, or provide additional persons to manage the works, and that this will be done at the Tenderer(s) own expense.

Should the Tenderer(s) fail to follow this instruction, then the Principal Agent will be entitled to place the Tenderer(s) on notice to rectify the situation in terms of the contract.

1.5.2.1 Specification for Occupational Health and Safety in Construction Works Contracts

1 Scope

This health and safety specification establishes the overarching framework within which a Tenderer(s) is required to satisfy general requirements for occupation health and safety in an engineering and construction works contract.

- Note:**
- 1) This specification establishes general requirements to enable the employer and the Tenderer(s) to satisfy the Occupational Health and Safety Act, 1993 (Act No. 85 of 1993) and the Construction Regulations, 2003.
 - 2) The Construction Regulations, 2003, require an employer to stop any Tenderer(s) from executing construction work which is not in accordance with the Tenderer(s) health and safety plan for the site or which poses a threat to the health and safety of persons.

2 Definitions

Act: the Occupational Health and Safety Act, 1993 (Act No. 85 of 1993)

competent person: any person having the knowledge, training and experience specific to the work or task being performed

ergonomics: the application of scientific information concerning humans to the design of objects, systems and the environment for human use in order to optimize human well-being and overall system performance

hazard: a source of or exposure to danger

incident: an event or occurrence occurring at work or arising out of or in connection with the activities of persons at work, or in connection with the use of plant or machinery, in which, or in consequence of which-

- a) any person dies, becomes unconscious, suffers the loss of a limb or part of a limb or is otherwise injured or becomes ill to such a degree that he is likely either to die or to suffer a permanent physical defect or likely to be unable for a period of at least 14 days either to work or to continue with the activity for which he was employed or is usually employed;
- b) a major incident occurred; or
- c) the health or safety of any person was endangered and where-
 - i) a dangerous substance was spilled;
 - ii) the uncontrolled release of any substance under pressure took place;
 - iii) machinery or any part thereof fractured or failed resulting in flying, falling or uncontrolled moving objects; or machinery ran out of control.

health and safety plan: a documented plan which addresses hazards identified and includes safe work procedures to mitigate, reduce or control the hazards identified.

health and safety specification: a documented specification of all health and safety requirements pertaining to the associated works on a construction site, so as to ensure the health and safety of persons.

inspector: a person designated as such under section 28 of the Act

major incident: an occurrence of catastrophic proportions, resulting from the use of plant or machinery, or from activities at a workplace

reasonably practicable: practicable having regard to:

- a) the severity and scope of the hazard or risk concerned;
- b) the state of knowledge reasonably available concerning that hazard or risk and of any means of removing or mitigating that hazard or risk;
- c) the availability and suitability of means to remove or mitigate that hazard or risk; and
- d) the cost of removing or mitigating that hazard or risk in relation to the benefits deriving there from;

risk: the probability that injury or damage will occur

safe: free from any hazard

scaffold: any temporary elevated platform and supporting structure used for providing access to and supporting workmen or materials or both

specification data: data, provisions and variations that make this specification applicable to a particular contract

structure:

- a) any building, steel or reinforced concrete structure (not being a building), railway line or siding, bridge, waterworks, reservoir, pipe or pipeline, cable, sewer, sewage works, fixed vessels, road, drainage works, earthworks, dam, wall, mast, tower, tower crane, batching plants, pylon, surface and underground tanks, earth retaining structure or any structure designed to preserve or alter any natural feature, and any other similar structure;
- b) any formwork, false work, scaffold or other structure designed or used to provide support or means of access during construction work; or
- c) any fixed plant in respect of work which includes the installation, commissioning, decommissioning or dismantling and where any such work involves a risk of a person falling two metres or more

substance: any solid, liquid, vapour, gas or aerosol, or combination thereof

suitable: capable of fulfilling or having fulfilled the intended function or fit for its intended purpose

3 Interpretation

- 3.1 The Act and its associated regulations shall have precedence in the interpretation of any ambiguity or inconsistency between it and this specification.
- 3.2 Compliance with the requirements of this specification does not necessarily result in compliance with the provisions of the Act.

4 Requirements

4.1 General requirement

- 4.1.1 The Tenderer(s) shall execute the works in a manner that complies with all the requirements of the Act and all its associated regulations, and in so doing, minimize the risk of incidents occurring.
- 4.1.2 The Tenderer(s) shall with respect to the site and the engineering and construction works that are contemplated:
 - a) identify the hazards and evaluate the risks associated with such work constituting a hazard to the health and safety of such employees and the steps that need to be taken to comply with the Act; and

- b) as far as is reasonably practicable, prevent the exposure of such employees to the hazards concerned or, where prevention is not reasonably practicable, minimize such exposure.
- 4.1.3 The Tenderer(s) shall as far as is reasonably practicable, cause every employee to be made conversant with the hazards to his health and safety attached to any work which he has to perform, any article or substance which he has to produce, process, use, handle, store or transport and any plant or machinery which he is required or permitted to use, as well as with the precautionary measures which should be taken and observed with the respect to those hazards.
- 4.1.4 The Tenderer(s) shall ensure that all employees under his or her control are:
- a) informed, instructed and trained by a competent person regarding any hazard and the related work procedures before any work commences, and thereafter at such times as may be determined in the risk assessment; and
 - b) issued with proof of health and safety induction training issued by a competent person and carry proof of such induction when working on site.
- 4.1.5 The Tenderer(s) shall not allow or permit any employee to enter any site, unless such person has undergone health and safety induction training pertaining to the hazards prevalent on the site at the time of entry.
- 4.1.6 The Tenderer(s) shall ensure that each visitor to a construction site, save where such visitor only visits the site office and is not in direct contact with the construction work activities:
- a) undergoes health and safety instruction pertaining to the hazards prevalent on the site; and
 - b) is provided with the necessary personal protective equipment.
- 4.1.7 The Tenderer(s) shall provide suitable on-site signage to alert workers and visitors to health and safety requirements.
- 4.1.8 The Tenderer(s) shall not permit any person who is or who appears to be under the influence of intoxicating liquor or drugs, to enter or remain at a workplace.

4.2 Health and safety representatives

- 4.2.1 The Tenderer(s) shall appoint in writing one health and safety representative for every 50 employees of the contractor working on the site, whenever there are more than 20 employees on the site; to:
- a) review the effectiveness of health and safety measures;
 - b) identify potential hazards and potential major incidents;
 - c) in collaboration with his employer, examine the causes of incidents;
 - d) investigate complaints by any employee of the Tenderer(s) relating to that employee's health or safety on the site;

- e) make representations to the Tenderer(s) on matters arising from a), b), c) or d) or on general matters affecting the health or safety of the employees at the workplace;
- g) inspect the site with a view to the health and safety of employees, at regular intervals;
- h) participate in consultations with inspectors at the workplace and accompany inspectors on inspections of the workplace; and
- i) participate in any internal health or safety audit.

4.2.2 The Tenderer(s) shall inform the relevant safety representative:

- a) beforehand of inspections, investigations or formal inquiries of which he has been notified by an inspector; and
- b) as soon as reasonably practicable of the occurrence of an incident on the site.

4.2.3 The Tenderer(s) shall convene health and safety meetings whenever more than two health and safety representatives have been appointed for the site. These meetings shall be attended by all health and safety representatives and shall be convened at least once every month to:

- a) make recommendations to the employer regarding any matter affecting the health or safety of persons on the site; and
- b) discuss any incident on the site in which or in consequence of which any person was injured, became ill or died.

4.2.4 The Tenderer(s) shall consult with the health and safety committee on the development, monitoring and review of the risk assessment.

4.3 Appointment of construction supervisor and safety officers

4.3.1 The Tenderer(s) shall appoint a full-time competent employee designated in writing as the construction supervisor for the site, with the duty of supervising the performance of the work falling within the scope of the contract and may appoint one or more competent employees to assist the appointed construction supervisor.

4.3.2 A Tenderer(s) may having considered the size of the project, the degree of dangers likely to be encountered or the accumulation of hazards or risks on the site, appoint a full-time or part-time construction safety officer in writing, who has in the Tenderer(s)'s opinion the necessary competencies and resources, to assist the Tenderer(s) in the control of all safety related aspects on the site.

4.3.3 The Tenderer(s) shall ensure that the construction supervisor is in possession of the most recently updated version of the fall protection plan.

4.3.4 The Tenderer(s) shall ensure that the following activities, as relevant, are carried out under the supervision of a competent person and that such persons are appointed in writing:

- a) all formwork and support work operations;

- b) excavation work;
- c) demolition work;
- d) scaffolding work operations;
- e) suspended platform work operations;
- f) operation of batch plants; and
- g) the stacking and storage of articles on the site.

4.4 Risk assessment

4.4.1 The Tenderer(s) performing work falling within the contract shall, before the commencement of any such work and during construction work, cause a risk assessment to be performed by a competent person appointed in writing. Such an assessment shall as a minimum:

- a) identify the risks and hazards to which persons may be exposed to;
- b) analyse and evaluate the identified risks and hazards;
- c) document a plan of safe work procedures to mitigate, reduce or control the risks and hazards that have been identified;
- d) provide a monitoring plan; and
- e) provide a review plan.

Note: A risk assessment is an important step in protecting workers as well as complying with the law. It helps you focus on the risks that really matter in a particular workplace – the ones with the potential to cause real harm. Workers and others have a right to be protected from harm caused by a failure to take reasonable control measures. The following four steps are recommended:

Identify the hazards by looking at what could reasonably be expected to cause harm, ask employees or their representatives what they think, obtain advice from trade associations or publications on health and safety, check manufacturer's instructions or data sheets for chemicals and equipment as they can be very helpful in spelling out the hazards and putting them in their true perspective, review accident and ill-health records, think about long-term hazards to health (eg high levels of noise or exposure to harmful substances) as well as safety hazards etc.

Identify who may be harmed and how by identifying how groups of people might be harmed i.e. what type of injury or ill health might occur.

Evaluate the risks and decide on precautions by doing everything 'reasonably practicable' to protect people from harm i.e. by looking at how things are done, what controls are in place and how the work is organised and comparing this against good practice to see if more can be done to bring practices up to standard. Consider if the hazard can be got rid of all together, and if not how can the risks be controlled so that harm is unlikely, e.g. try a less risky option (eg switch to using a less hazardous chemical); prevent access to the hazard (eg by guarding); organise work

to reduce exposure to the hazard (eg put barriers between pedestrians and traffic); issue personal protective equipment (eg clothing, footwear, goggles etc); and provide welfare facilities (eg first aid and washing facilities for removal of contamination).

Record the findings by writing down the findings of the risk assessment.

4.4.2 The Tenderer(s) shall ensure that as far as is reasonably practicable, ergonomic related hazards are analysed, evaluated and addressed in the risk assessment.

4.4.3 The Tenderer(s) shall require a competent person to prepare a fall protection plan in compliance with the requirements of the Construction Regulations.

4.4.4 Notwithstanding the provisions of the fall protection plan, the Tenderer(s) shall ensure that:

- a) all unprotected openings in floors, edges, slabs, hatchways and stairways are adequately guarded, fenced or barricaded or that similar means are used to safeguard any person from falling through such openings;
- b) no person works in an elevated position, unless such work is performed safely as if working from a scaffold or ladder;
- c) notices are conspicuously placed at all openings where the possibility exists that a person might fall through such openings;
- d) fall prevention and fall arrest equipment is:
 - i) suitable and of sufficient strength for the purpose or purposes for which it is being used having regard to the work being carried out and the load, including any person, it is intended to bear; and
 - ii) securely attached to a structure or plant and the means of attachment thereto is suitable and of sufficient strength and stability for the purpose of safely supporting the equipment and any person who is liable to fall;fall arrest equipment is only used where it is not reasonably practicable to use fall prevention equipment; and
- f) suitable and sufficient steps are taken to ensure, as far as is reasonably practicable, that in the event of a fall by any person, the fall arrest equipment or the surrounding environment does not cause injury to the person.

4.4.5 Where roof work is being performed on a construction site, the Tenderer(s) shall ensure that it is indicated in the fall protection plan that:

the roof work has been properly planned;

the roof erectors are competent to carry out the work;

no employees are permitted to work on roofs during inclement weather conditions or if weather conditions are a hazard to the health and safety of the employees;

prominent warning notices are to be placed where all covers to openings are not of sufficient strength to withstand any imposed loads and where fragile material exists;

the areas mentioned in paragraph (d) are to be barricaded off to prevent persons from entering;

suitable and sufficient platforms, coverings or other similar means of support have been provided to be used in such a way that the weight of any person passing across or working on or from fragile material is supported; and

there is suitable and sufficient guard-rails or barriers and toe-boards or other similar means of protection to prevent, so far as is reasonably practicable, the fall of any person, material or equipment.

4.4.6 The Tenderer(s) shall ensure that:

- a) all reasonably practicable steps are taken to prevent the uncontrolled collapse of any new or existing structure or any part thereof, which may become unstable or is in a temporary state of weakness or instability due to the carrying out of construction work;
- b) no structure or part of a structure is loaded in a manner which would render it unsafe; and
- c) specification data prepared by the designer of the structure is taken into account in the risk assessment;

Note: The specification data provided by the designer should outline known or anticipated dangers or hazards relating to the works and make available all information required for the safe execution of the work. It should provide as relevant, geotechnical information (or make reference to reports provided in the site information), the loading the structure is designed to withstand, the methods and sequence of construction.

4.5 Health and safety plans

4.5.1 The Tenderer(s) shall prior to commencing the works to which this specification applies, submit to the employer for approval a suitable and sufficiently documented health and safety plan, based on this specification and the risk assessment that is conducted.

The health and safety plan shall as a minimum provide:

- a) the information contained in Table 1 in respect of each of the hazards associated with work falling within the scope of the contract (see Figure 1); and

Table 1: Example of the format of a health and safety plan

What are the hazards?	Who might be harmed and how?	What are the safe work procedures for the site?	What further action is necessary (monitoring and review)?	Action by whom	Action by when

- b) an outline of the manner in which the Tenderer(s) intends complying with the requirements of this specification.
- 4.5.3 The Tenderer(s) shall discuss the submitted health and safety plan with the employer's representative, modify such plan in the light of the discussions and resubmit the modified plan for approval.
- 4.5.4 The Tenderer(s) shall apply the approved health and safety plan from the date of commencement of and for the duration of the works to which this specification applies.
- 4.5.5 The Tenderer(s) shall conduct periodic audits for compliance with the approved health and safety plan at intervals agreed upon with the employer, but at least once every month.
- 4.5.5 The Tenderer(s) shall update the health and safety plan whenever changes to the works are brought about.
- 4.6 Sub-Tenderer(s)
- 4.6.1 The Tenderer(s) may only subcontract work in terms of a written subcontract and shall only appoint a Sub-Tenderer(s) should he be reasonably satisfied that such a Sub-Tenderer(s) has the necessary competencies and resources to perform the work falling within the scope of the contract safely. Such a subcontract shall require that the Sub-Tenderer(s) shall:
- a) shall co-operate with the Tenderer(s) as far as is necessary to enable both the Tenderer(s) and Sub-Tenderer(s) to comply with the provisions of the Act; and
- b) as far as is reasonably practicable, promptly provide the Tenderer(s) with any information which might affect the health and safety of any person at work carrying out work or any person who might be affected by the work of such a person at work or which might justify a review of the health and safety plan.
- 4.6.2 The Tenderer(s) shall provide any Sub-Tenderer(s) who is submitting a tender or appointed to perform a sub-contract falling within the scope of the contract, with the relevant sections of this specification and associated specification data which might be pertinent to the sub-contract.
- 4.6.3 The Tenderer(s) shall take reasonable steps as are necessary to ensure:
- a) co-operation between all Sub-Tenderer(s) to enable each of those Sub-Tenderer(s) to comply with the requirements of the Act and associated regulations; and
- b) that each sub-Tenderer(s)'s health and safety plan is implemented.
- 4.6.4 The Tenderer(s) shall conduct periodic audits for compliance with the approved health and safety plan of each and every Sub-Tenderer(s) working on the site at intervals agreed upon with such Tenderer(s), but at least once per month.
- 4.6.5 The Tenderer(s) shall stop any Tenderer(s) from executing construction work which is not in accordance with the Tenderer(s)'s or Sub-Tenderer(s)'s health and safety plan for the site or which poses a threat to the health and safety of persons.
- 4.6.6 The Tenderer(s) shall ensure that where changes to the works occur, sufficient health and safety information and appropriate resources are made available to the Sub-Tenderer(s) to execute the work safely.

4.6.7 The Tenderer(s) shall ensure that:

- a) every Sub-Tenderer(s) is registered and in good standing with the compensation fund or with a licensed compensation insurer prior to work commencing on site;
- b) potential sub-Tenderer(s) submitting tenders have made provision for the cost of health and safety measures during the construction process; and
- c) every Sub-Tenderer(s) has in place a documented health and safety plan prior to commencing any work on site which falls within the scope of the contract.

4.6.8 The Tenderer(s) shall receive, discuss and approve health and safety plans submitted by Sub-Tenderer(s).

4.6.9 The Tenderer(s) shall ensure that all Sub-Tenderer(s) are informed regarding any hazard as stipulated in the risk assessment before any work commences, and thereafter at such times as may be determined in the risk assessment.

4.6.10 The Tenderer(s) shall reasonably satisfy himself that all employees of Sub-Tenderer(s) are informed, instructed and trained by a competent person regarding any hazard and the related work procedures before any work commences, and thereafter at such times as may be determined in the risk assessment.

The Tenderer(s) shall satisfy himself and ensure that all Sub-Tenderer(s) employees deployed in the site are:

- a) informed, instructed and trained by a competent person regarding any hazard and the related work procedures before any work commences, and thereafter at such times as may be determined in the risk assessment; and
- b) issued with proof of health and safety induction training issued by a competent person and carry proof such induction when working on site.

4.7 Reporting of incidents

The Tenderer(s) shall notify the employer's representative of any incident as soon as possible after it has occurred and report such incidence to an inspector.

4.8 Administration

4.8.1 Notification of intention to commence construction work

The Tenderer(s) shall notify the Provincial Director of Labour in writing using a form similar to that contained in Annexure A of the Construction Regulations issued in terms of the Act before construction work commences and retain a copy of such notification in the health and safety file where such work:

involves the demolition of a structure exceeding a height of 3m;

involves the use of explosives to perform construction work;

involves the dismantling of fixed plant at a height greater than 3m;

exceeds 30 days or will involve more than 300 person days of construction work; and includes:

- i) excavation work deeper than 1m; or
- ii) working at a height greater than 3 m above ground or a landing.

4.8.2 Health and safety file

4.8.2.1 The Tenderer(s) shall maintain on site a health and safety file on site which contains copies of the following, as relevant:

- a) the notification made to the Provincial Director of Labour in terms of 4.4.1;
- b) the letters of appointment of health and safety representatives;
- c) the minutes of all health and safety meetings;
- d) a comprehensive and updated list of all the Sub-Tenderer(s) (nominated, selected or domestic) employed on site by the Tenderer(s), indicating the type of work being performed by such sub-Tenderer(s);
- e) a copy of each and every subcontract agreement;
- f) the Tenderer(s)'s health and safety plan;
- g) the health and safety plans of all the Tenderer(s)'s Sub-Tenderer(s) who are required to provide such plans;
- h) the recommendations made to the Tenderer(s) by the health and safety committee referred to in 4.2.3
- i) any report made to an inspector by the health and safety committee referred to in 4.2.3; and
- j) the findings of all audit reports made regarding the implementation of the Tenderer(s)'s or a Sub-Tenderer(s)'s health and safety plan;
- k) proof that the Tenderer(s) and every Sub-Tenderer(s) is registered and in good standing with the compensation fund or with a licensed compensation insurer;
- l) the inputs of the safety officer, if any, into the health and safety plan;
- m) a copy of risk assessments made by competent persons;
- n) details of induction training conducted whenever it is conducted;
- o) proof of all Sub-Tenderer(s)'s induction training whenever it is conducted;
- p) letters of appointments for competent persons to supervise prescribed activities;
- q) proof of the following where suspended platforms are used:

- i) a certificate of system design issued by a professional engineer, professional certificated engineer or a professional engineering technologist;
- ii) proof of competency of erectors;
- iii) proof of compliance of operational design calculations with requirements of the system design certificate;
- iv) proof of performance test results;
- v) sketches indicating the completed system with the operational loading capacity of the platform;
- vi) procedures for and records of inspections having been carried out;
- vii) procedures for and records of maintenance work having been carried out;
- viii) proof that the prescribed documentation has been forwarded to the provincial director;
- r) records of the register of inspections made by a competent person immediately before and during the placement of concrete or any other load on formwork; and
- s) the names of the first aiders on site and copies of the first aid certificates of competency.

4.8.2.2 The health and safety file shall be made available for inspection by any inspector, Sub-Tenderer(s), employer's representative, employer's agent, health and safety representative or employee of the Tenderer(s) upon the request of such persons.

4.8.2.3 The Tenderer(s) shall hand over the health and safety file to the employer upon completion of the contract together with a record of all drawings, designs, materials used and other similar information concerning the completed structure.

4.9 First aid, emergency equipment and procedures

The Tenderer(s) shall where more than five employees are employed at a workplace, provide a first aid box or boxes at or near the workplace which shall be available and accessible for the treatment of injured persons at that workplace. Such first aid boxes shall contain suitable first aid equipment.

The Tenderer(s) shall ensure that where there are more than 10 employees employed on the site that for every group of up to 50 employees at that workplace, at least one person is readily available during normal working hours, who is in possession of a valid certificate of competency in first aid.

JPC MBD:13 Proposed Empowerment Plan

JPC MBD: 13 PROPOSED EMPOWERMENT PLAN

The City of Johannesburg (COJ) is and will remain deliberate about transformation and its economic empowerment goals and is committed to empowerment agenda as an integral part to nation building.

The successful bidder will be required to champion the entrenchment of true economic transformation and empowerment in its spheres of influence. The successful bidder will be required to go beyond redressing historical imbalances and towards intrinsic true value that will result in active deliberate facilitation of sustainable and meaningful participation of Black people in the mainstream of the economy through its assets, investments and projects.

The bidder is required to commit to the achievement of the following specific targets by completing the table below. The commitments made in this MBD will be measured against the targets and used in the evaluation of the functional compliance evaluation.

The commitments made in this table will form part of the contractual obligations of the successful bidder
