INTRODUCTION

The City of Johannesburg

- a) In 2000, Johannesburg was restructured to become a single metropolitan authority and elections were held for an executive mayor and unified local government.
- b) Since then, the City has enjoyed a financial turnaround, with the creation of a credible and stable operating environment. This stability, strong centralised co-ordination and oversight has allowed the City to play a crucial role in building the economy, and implementing policies and structures to support economic growth and poverty alleviation.
- c) All urban development in Joburg is guided by the Growth and Development Strategy.

The City of Joburg Property Company (JPC)

- a) The City of Joburg Property Company SOC Ltd (JPC), established in 2000, is a dynamic company mandated to manage and develop the City of Johannesburg's (CoJ) property assets for the purpose of maximising both social and commercial opportunities for the Council.
- b) Dedicated to finding solutions to the developmental challenges facing the City of Johannesburg, the JPC utilises council-owned land assets to leverage private sector investment in public infrastructure. The JPC, on behalf of the CoJ, provides Property Asset Management, Property Management (Commercial), Property Management (Social), as well as Facilities Management and Maintenance Services; and its relevant subsidiary services.
- c) Therefore the JPC prides itself as the arm responsible for maximising the social, economic and financial value of the CoJ's total property portfolio and enhancing its efficient use of property to drive investment, economic growth and job creation. The JPC aims to achieve its objectives by focusing on the following imperatives:
 - Realising value (social, financial and economic) for the CoJ;
 - Supporting economic development and aligning the CoJ property portfolio with CoJ priorities;

CERTIFICATE OF INDEPENDENT BID DETERMINATION (MBD 9)

1. This municipal bidding document (MBD) must form part of all bids¹ invited.
2. Section 4(1)(b)(iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a per se prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38(1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - 3.1. take all reasonable steps to prevent such abuse;
 - 3.2. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - 3.3. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
